IMPORTANT AUCTION NOTES

PLEASE NOTE that because no items are sold in any of our sales with a warranty that they are in any way fit for purpose, as is explained in greater detail in several sections of our terms and conditions, our sales are only considered suitable for trade buyers. In the act of registering and/or bidding for lots, it will be assumed that you are a trade buyer and if not, that you fully accept you are only bidding on the basis that you understand no comebacks and/or refunds are offered under any circumstances, no matter what the reason.

All of our auctions have an official viewing day and bidders are strongly encouraged not to bid unless they have viewed in person prior, because in the act of bidding, you will be assumed to have viewed and inspected to your satisfaction.

A **BUYER'S PREMIUM:** A Buyer's Premium of 17.5% plus VAT, i.e. 21% in total, is added to the hammer price on all lots.

B **VALUE ADDED TAX:** All lots in this auction are subject to VAT with the exception of lots where it states VAT is zero-rated. Please look at the additional fees tab in the individual lot descriptions within BidSpotter to establish whether VAT applies to the lot in question. Buyer's Premium is always subject to VAT.

Should you intend exporting the goods and believe you may be eligible for the lot price to be zero-rated for VAT purposes, it is crucial that you

- Understand VAT on the Buyer's Premium can never be zero-rated
- Pay an amount equivalent to the VAT (to be held on your behalf) at the time you make payment for the goods, to be returned pending provision of suitable paperwork
- Inform us at the time of payment that you intend claiming back the VAT, in order that we know to hold same on your behalf
- Provide suitable documentation, including proof of export and your own limited company name, VAT number, etc. within a maximum of **12 weeks** of the sale date.
- Please note that in accordance with HMRC's rules on "indirect exports" which any goods purchased in a Robson Kay auction would be classified under in the instance of export, we cannot zero-rate or refund VAT for UK based and/or registered purchasers. For the avoidance of doubt, if your registration address is within the UK, we cannot refund or zero-rate the VAT under any circumstances.
- Acknowledge our £50 administrative fee for dealing with same

C **REGISTRATION:** Along with many other auctioneers, we use ATG's www.bidspotter.co.uk platform to host our online auctions. If you have never signed up to a BidSpotter-hosted auction, you will need to first register an account with BidSpotter online.

When you set up your account, you enter in your email address, contact details and a password. Please ensure you never give your password to anybody who is not authorised to bid on your account as you will be held liable for all bidding activity on your account if it is accessed by someone else.

Once you have set up your BidSpotter account, which is activated immediately, you can then add the details of one or more credit or debit card (not AMEX) which can then be used in a variety of different ways however, whilst we as auctioneers can see the address you attach to each card, we cannot see the full card details.

Each time you wish to bid in a specific auction, you will need to "sign-up" to that sale. Each auctioneer will use a slightly different system for approving bidders and indeed may vary the rules from auction to auction. In the instance of Robson Kay auctions hosted on BidSpotter, you are required to select a card which is then checked with the card provider electronically to ensure the address matches up for identification purposes.

We manually approve bidders who pass the security check which means outside office hours it can be several hours after signing up before you are approved – it is our strong recommendation that you sign up to auctions well in advance, as if you leave it till the last day of bidding and you experience difficulties, there may well be insufficient time to approve you.

If we are in any doubt as to the identity of a bidder, or if there is a history of non-payment with BidSpotter auctions, and in particular if you have been blocked by any other auctioneers, we will normally decline a registration. We will also sometimes send through a Payment Request (which requires a credit or debit card to be used online) for a refundable deposit before we approve bidders, particularly those based outside the UK.

Please ensure that you read all the rules before signing up to any particular auction and in particular that you are able to pay by one of the approved methods and collect on time.

Please remember to ensure on a regular basis that your registration details on BidSpotter are accurate and up to date. We will not change the details on your invoice under any circumstances e.g. if you register as an individual and ask for the invoice to be produced in your business name or vice versa. Please also remember that if you have the incorrect phone number and/or email address on your BidSpotter registration details, that is not a valid excuse for non-payment within the designated timescale – it is a bidder's responsibility to ensure they pay for goods after the sale regardless of whether they receive contact from the auctioneer or not.

- D** **PAYMENT:** Once the last lot closes, we send out a "Winning Bidder Notification" via the BidSpotter platform, with details of all the lots you have successfully bid upon, together with VAT where applicable, Buyer's Premium, etc. This is replaced by way of a VAT-receipted invoice once we are in receipt of cleared funds in the full amount.

Balances must be paid in full, in cleared funds by 4 pm on Thursday 6th August 2020.

For the foreseeable future, as a result of Covid-19 related procedures, there will be no physical cashiering facility at Robson Kay which means payments must be made by one of the following methods:

- Bank transfer - please ensure you quote your paddle number as a reference.

Please remember we need to receive the money in cleared funds in our client account within 48 hours of the sale ending, which means payments by BACS or from overseas bank accounts may not clear in time. If in any doubt as to your ability to make payment within the timescale, please do not bid.

When sending money from overseas accounts, please also ensure that all banking charges are covered by the sender.

- E** **COLLECTION:** Collections can only be made after all lots purchased have been paid for in full.

No collections can be facilitated on auction day. Collection will take place on **Wednesday 5th August 2020 & Thursday 6th August 2020 from 9 am to 4 pm each day.**

Goods must be collected by **Thursday 6th August 2020** at the very latest – **ABSOLUTELY NO EXCEPTIONS.**

LOTS NOT PAID FOR & COLLECTED BY 4 PM ON THURSDAY 6TH AUGUST 2020 WILL BE SUBJECT TO A STORAGE CHARGE OF EITHER £5 PER LOT PER DAY OR 5% OF THE HAMMER PRICE PER LOT PER DAY – WHICHEVER IS THE HIGHER - NO EXCEPTIONS. (FOR FURTHER DETAILS, SEE CLAUSE 5 OF OUR GENERAL TERMS AND CONDITIONS).

Our collection policies have been adapted to fit in with the latest Public Health England guidelines in relation to Covid-19.

No appointments are necessary for collection, however when you arrive at our carpark a member of staff will direct you to a suitable space to park in, following which you should wait in your vehicle and Robson Kay staff will then bring lots out to the carpark. Once we have finished bringing your lots out you are free to exit your vehicle and load. We do not load directly onto vehicles.

The only exceptions are either lots stored in the open (for example vehicles) which by definition are already in the carpark or those lots where specific reference is made in the lot description to a load being included, in which instance you will be directed to the relevant loading bay.

We employ a large number of staff on the designated auction collection days to ensure collection can take place in a safe manner. As a result, it becomes even more inconvenient than normal if successful bidders do not collect on one of the official collection days. We would urge you not to bid if you are in any doubt as to your ability to comply.

The purchaser shall comply with any directions with respect to the removal of goods, which may be given by the Auctioneers' staff.

WE DO NOT IN ANY WAY, SHAPE OR FORM BECOME INVOLVED IN POSTAGE OR PACKAGING – PLEASE BEAR THIS IN MIND BEFORE BIDDING. This means we do not provide boxes, pack lots, affix labels, arrange shipping, etc. Please contact the local branch of Mailboxes on 0161 445 0444 who will provide a quote for packaging and/or shipping small lots should you require assistance.

F SMOKING: No smoking is permitted anywhere upon the premises.

G TRANSFER: Lots may not be transferred between buyers, and must be paid for by the successful bidder.

H DESCRIPTIONS: The lots are sold 'as they lie' with all faults and errors in description, quantity or measurement (if any). Lots may be new, used, refurbished or not, working or broken, soiled, damaged, incomplete, etc. Boxed goods may not contain any relevant books, manuals, disks, leads, etc, and/or might contain different colours/models/or even different products. We recommend that buyers do not bid unless they have examined lots to their satisfaction prior to doing so - see Clause 9 of our Terms and Conditions - **IF IN DOUBT DO NOT BID.**

Before bidding please bear in mind that all quantities, descriptions, sizes and other information are approximate estimates only. Items lotted up for sale are not always checked/counted/measured by us, and additionally typing (and other) errors sometimes occur. Please note that when describing a number of the lots we have had to rely on counts (or estimates), which we have assumed to be accurate for the purpose of cataloguing, but which may well be incorrect in some cases. Bidders are recommended to check lots for accuracy, make their own assessments, and adjust their bids accordingly. Bidders will be charged for the quantity listed in the catalogue - no allowance will be made for shortages. Lots are sold "as seen" - what you see is what you buy. **If you are in any doubt, please do not bid.**

When selling lots involving quantities of a product, it is possible that there is a variation in colour, style or model between the different items comprising the lot, (which may or may not be pointed out in the catalogue) and buyers are urged to check prior to bidding.

What you buy is the item to which Robson Kay Associates Ltd has affixed the yellow lotting up label, regardless of the description in the catalogue. Errors in description may be minor - for example, a fridge being described as a freezer or vice versa – or they may be more major – for example, a fax machine being described as a photocopier. Buyers are urged to check lots prior to bidding to satisfy themselves as to the accuracy of the description and quantity, and if in any doubt whatsoever, are advised not to bid.

I SHORTAGES: There will be no allowance made for any shortages.

- J** **TERMS AND CONDITIONS:** Prospective purchasers are advised to read thoroughly and ensure they understand our Terms and Conditions. Bidders, by the act of bidding, are accepting our Terms & Conditions of Trading – **IF IN DOUBT DO NOT BID.**
- K** **BEWARE:** At the fall of the hammer the security of the lot is the purchaser's responsibility. The Auctioneer will not be responsible if lots are lost, stolen, damaged or destroyed - they are at the sole risk of the purchaser. In the instance of online auctions, "the fall of the hammer" is effectively deemed as being the time that the bidding closes.
- L** Lots **CANNOT** be split. Where a lot consists of more than one item, bids will be considered as being for the whole lot.
- M** **VEHICLES – IMPORTANT NOTE:** Where we have paperwork in connection to the vehicles (e.g., log book, MOT, service history, etc.) copies have been affixed inside the window of each relevant vehicle, for your inspection. As with all lots in the catalogue, it is imperative that bidders check this information, to their satisfaction, prior to bidding. Bidders should not rely solely on the information within the catalogue as an indication to anything whatsoever in relation to the vehicles. If in doubt, do not bid.

IMPORTANT

You must not bid unless you can pay and collect within 2 days of the sale ending i.e. by Thursday, 6th August 2020. We do not package or load.

You will receive a 'winning bidder notification' email shortly after the last lot closes, with details of the lots purchased and total balance. You will also receive a 'payment request' email, shortly after the 'winning bidder notification'.

You may use the 'payment request' email to pay online by credit/debit card.

Alternatively, you may pay cash into our client account at your local Barclays bank, or pay by bank transfer.

No in person payment will be applicable for this sale. No card payments are taken over the phone.

Collection will be run in keeping with all Public Health England Guidelines, which for this sale will mean driving into our secure yard, then waiting inside your vehicle whilst your goods are brought out to you. You will be responsible for loading so please ensure that you bring suitable transport and labour. You or your carrier must be prepared to travel as no exceptions relating to COVID-19 restrictions will be granted for late collectors.

Our forklift truck will not be available for this sale and either you or your carrier must bring sufficient equipment and manpower to fully load into your own vehicle/s. Please do not book a carrier and then ask Robson Kay to label/pack/box your goods. The exception is the Truss, where certain lots include a load with our forklift from a special designated loading bay - more details within the relevant lot descriptions.

No collections will be possible on the day the auction ends - wait until the morning following the sale before visiting to avoid a wasted journey.

We would encourage viewing (by appointment) prior to bidding and would remind you there is no comeback possible for any auction purchases, no matter what the reason. Robson Kay sales are for trade only and offer no form of consumer protection, guarantee or possibility of refund however major the problem. We do not test any item before sale. Bids are legally binding. Should you fail to pay within two days, your bidspotter/ibidder account will be blocked and we reserve the right to immediately resell the goods elsewhere and charge bidders for any losses. Late collections are subject to storage charges even if the goods are paid for in time. We reserve the right to sell goods paid for but not collected within two days. Do not bid unless you are confident you can pay and collect within two days.

NOTWITHSTANDING THE ABOVE

ROBSON KAY ASSOCIATES LTD

General Terms and Conditions of Sale

1. **Agency**
The Auctioneers act as agents only and they disclaim responsibility for default by either buyer or seller. The Auctioneers do not guarantee the title of any lot or lots sold by them and will not be responsible for any defect in such title.
2. **The Buyer**
The highest bidder acknowledged as such by the Auctioneers will be the buyer. If any dispute arises, the Auctioneers shall have absolute discretion to settle the matter. The Auctioneers shall rule the bidding, and no bid shall be retracted. The Auctioneers reserve the right to refuse any bid. The Auctioneers reserve the right to bid on behalf of the vendor for any lot (either with a reserve or subject to the Auctioneers' discretion), and to withdraw, consolidate or divide any lot or lots.
3. **Ownership of Purchases**
The ownership of the lot(s) purchased will not pass to the buyer until the buyer has paid the Auctioneers in full the total amount due, and the Auctioneers have applied such payment to the lot. No lots may be removed until the total account for all the lots purchased has been paid in full.
4. **Transfer of Risk**
Notwithstanding the fact that ownership does not pass until the lots are paid for, each lot shall be held uninsured at the purchaser's sole risk from the fall of the hammer, and shall be sold with all faults and imperfections, the Auctioneers not being responsible for the correct description, genuineness or authenticity of any lot, and making no warranty whatsoever. The purchaser is deemed to have inspected the lots and satisfied himself as to their condition. No responsibility is accepted for any loss of (or damage to) lots.
5. **Collection**
Collections (which can only be made after ALL the lots purchased have been paid for in full) can be made at the times stated in the auction catalogue only.

Purchasers buy lots where they lie and must bring any necessary labour, lifting tackle and equipment in order to remove their lot(s). Where lots are fixed or connected in any way, the purchaser must have the removal/disconnection carried out by suitably qualified/experienced personnel (with appropriate insurance cover). The purchaser is responsible for leaving the site safe and for any damage to the premises and/or other lot(s).

It is the responsibility of the buyer and/or their carrier/driver to ensure that their loads do not contravene road, traffic or any other regulations.

Lots not collected within the timescale stated in the catalogue will become subject to a storage charge of £5 per lot, per day (plus VAT), or 5% of the hammer price (whichever is the higher). Late collections can only take place **STRICTLY BY APPOINTMENT** (to fit in with our schedule), and such appointments may involve delays until we can accommodate said late collection, which will increase the storage charges due by late collectors pro rata.

If a purchaser fails to comply with any of these "General Terms and Conditions of Sale", and/or any special (or additional) Terms and Conditions relevant to the sale in question, and/or does not collect within the timescale stated in the catalogue, the Auctioneers reserve the right to resell any such lot(s) by public or private sale **without reserve** and **without notice** to the purchaser. If upon resale as foresaid a lower price is obtained for any lot than was obtained at the first sale, then any such shortfall will be a debt due from the purchaser in default in the first sale. Irrespective of the price the Auctioneers receive on resale, the buyer will be responsible for any and/all additional costs of the Auctioneers including storage at either £5.00 per lot per day, or 5% of the hammer price per lot per day (whichever is the higher), advertising, handling, selling costs, insurance etc. Furthermore, the Auctioneers reserve the **ALTERNATIVE** right to move lots outside the premises (at the buyer's risk), if said lot/s are (in the Auctioneers' opinion) restricting the use of the auction room.
6. **Movement of Lots**
The Auctioneers reserve the absolute right to move any lots which (in their sole opinion) are restricting the use of the auction premises and/or inhibiting collectors and/or need to be moved to assist in other activities taking place on the premises. Movement of assets in such circumstances is entirely at the purchaser's risk, and the Auctioneers accept no responsibility or liability for any loss or damage such as may be incurred during any such movement.
7. Whether acting as agent on behalf of a named principal or acting as principal themselves, all bidders will be deemed to have the authority for each bid made and will be held equally liable with their principal (where relevant) for all obligations and liabilities in relation to the sale.

Users of the online bidding facility should ensure prior to registering that they have the authority to bind whatever entity they register as, to the conditions of sale, that they are 18 years or over and that they keep their user ID and password safe and private from any person other than those they are happy have equal authority to bid.
8. **Damage**
If any damage is done to any lot or to the premises at the viewing or before, during or after a sale, such damage shall be made good by the person committing such damage, principals being responsible for the actions of their servants, subcontractors and/or any other persons in the premises on their behalf, such damage to be assessed by the Auctioneers. No cutting or welding equipment may be used without the Auctioneers' express permission, in writing. No explosives may be used without the Auctioneers' express permission in writing.

9. **Descriptions**

The lots are sold as they lie with all faults and errors of description or quantity or measurement (if any). The purchaser is deemed to have inspected and approved the lots he buys, and if he buys without proper previous inspection, he shall be deemed to have done so at his own risk. No guarantee is expressed or implied either by the vendor or the Auctioneers in the lots as to performance, output, reliability, service, suitability for purpose, quantity, size or any other matter. No person within the Auctioneers' employment has any authority to make or imply any representations, warranties or guarantees.

It is believed that the quantities, descriptions and measurements stated in the catalogue are correct, but the Auctioneers will not be responsible for any error or mistake therein, and no purchaser shall make any objection thereto, or be entitled to any compensation by reason of such error or mistake. Many of the goods catalogued are described by make, type, size, output, etc. It should not however, be taken for granted that they are in their original manufactured condition, complete with all component parts, and in working order, nor should it be taken for granted that vehicles, trailers and mechanical equipment can be put into working order, or that vehicles and trailers are, or can be roadworthy. Goods which appear to be in their original wrapping and unused may have incurred many years of shelf life. Lots may be new, used, soiled, damaged, broken or incomplete. In view of their age or condition some goods may not comply with current safety legislation. Prospective purchasers are reminded that it would be an offence under the Consumer Protection Act 1961 and the Consumer Safety Act 1978 for them to sell or supply goods which do not comply with the current regulations made under either of those Acts. Prospective purchasers are also reminded that sales by auction are not consumer sales for the purpose of the Unfair Contract Terms Acts, 1977.

WE RECOMMEND THAT PROSPECTIVE PURCHASERS SHOULD THEREFORE THOROUGHLY INSPECT THE GOODS IN WHICH THEY ARE INTERESTED BEFORE BIDDING.

The lots are not sold by sample but if in any case a sample shall be displayed it shall be upon the understanding that this contract shall contain no implied condition or warranty as to the quality or otherwise or that the lots are free from any defect rendering them unmerchantable.

Mileages stated for vehicles are mileometer readings. The vendor does not necessarily know whether the mileometer reading is accurate and shows the correct reading of the mileage of the vehicle. The purchaser should, therefore, treat the mileometer reading as meaningless. Year of manufacture. - a civilian vehicle registration does not necessarily indicate the date of manufacture of the vehicle, for example a government vehicle (if it is a government vehicle) may be operated over the earlier or any part of its working life under a service registration number.

10. **Third Party Liability**

Auction sites are potentially dangerous. Flammable, noxious, corrosive and pressurised substances are present, heavy equipment is being operated, forklift trucks are in use, and electrical circuits may be live. Every person on the Auctioneers' premises at any time should be deemed to be there at his own risk, and with Notice of the Condition of the premises and the method of arranging the lots, etc. He/she shall have no claim against the Auctioneers in respect of any injury he/she may sustain or any accident which may occur, prior to, during or after the sale, or at any other time on the Auctioneers' premises.

Visitors to the premises will indemnify the vendor and the Auctioneers against all suits, claims, demands and actions whatsoever which the vendor may suffer in connection with that item.

Neither the vendor nor the Auctioneers recommend any other organisation or represent the competence of any other organisation's representatives or advertising literature which is at or about the Auction Premises by reason of the fact that the vendor or Auctioneers have allowed such representation or literature to be available or distributed at the Auction Premises.

11. **Additional Items**

Anything which may be found in, under or near any lot which is not mentioned in the sale catalogue, the Auctioneers reserve for the vendors. Any pallets, plastic crates, trolleys, tables, racks or display units used to display lots are excluded from the sale and may not be removed from the premises.

12. **Provisional Bids / Reserves**

Where the vendor has placed a reserve price upon a lot which is not reached when the lot is offered, then the Auctioneers will inform the vendor of the highest bid made, and in the event that the highest bid or a later bid is acceptable by the vendor, then the highest bidder will become the buyer of the lot, and be bound by the Conditions of Sale. The Auctioneers retain the right to place a reserve on any lot (on the vendor's behalf) at any time up to the fall of the hammer.

In the instance of online auctions, where at the time of bidding there is an indication that the reserve has not been met, we reserve the right to drop the reserve to meet the price bid at any stage, including after bidding has closed, up to a maximum of 24 hours after the last lot in the relevant auction has closed. In that instance, the highest bidder will be deemed the buyer and bound by the conditions of sale.

13. **After Sales**

Lots sold after the sale will be subject to all Conditions of Sale, applicable if the lots had been sold during the auction.

14. **Health and Safety Regulations**

The Auctioneers and the vendor accept no responsibility whatsoever for any lot or lots sold which subsequently prove to contravene the Health and Safety Regulations in force at the time of the sale.

To comply with section 6 (8) of the Health and Safety at Work 1974, purchasers undertake to comply with the guarding requirements under regulation 15 - Sale or Hire of Machinery.

15. **Time**

In respect of any and all of our Terms and Conditions and notes, time is of the essence - no exceptions will be made.

- The buyer shall remove immediately upon purchase of any hard disk or system containing a hard disk or any other media, all programs including any operating systems to which the purchase of the said hard disk system or other media does not convey to him/her licence to use such programs or operating systems.
17. **Indemnity**
The buyer shall indemnify the Auctioneers and the vendor in any actions resulting from the buyer's failure to observe Clause 18 above.
18. **NO TRANSFER OF LOTS BY THE BUYER SHALL BE ALLOWED.**
19. **Important Notice**

They will be supplemented by additional terms within the Auction/Tender catalogue. When selling by Tender or Private Treaty, the term "Auctioneer" shall mean "Agent", and the term "Auction" shall mean "Sale".
21. **Random Searching of Vehicles**
The Auctioneers shall have the right, if they so desire, without compensation to the purchaser, to search vehicles carrying Goods before such vehicles leave the Auctioneers' premises, in order to check that the goods being removed correspond to the Auctioneers' particulars. The right shall include the right to search the whole of the vehicle, and the right to require the vehicle to be unloaded if this is necessary for the check to be made. If the vehicle collecting goods is not owned or hired by the purchaser, the purchaser shall ensure the owner or hirer agrees to the exercise of this right by the Auctioneer. The Auctioneers' "Premises" includes the total site.
22. **Parking**
Vehicles may be parked in the Auctioneers' carpark, but only at the owner's risk.
23. **Road Traffic Act Requirements**
Purchasers are reminded that any vehicle or trailer sold in any sale may not be roadworthy, or may be of such design as will not, without alteration, comply with the Acts and Regulations relating to its construction, equipment and use. It is generally an offence to use on a road a motor vehicle or trailer which does not comply with these Acts and Regulations, and accordingly it is a condition of the contract of sale that the purchaser shall in respect of each vehicle or trailer purchased by him undertake not to use it/them or cause or permit its/their use on any road in Great Britain to which the Road Traffic Acts apply until it/they complies/comply in every respect with the requirements of the Acts and Regulations relating to its/their construction, equipment and use, and accordingly to make such arrangements for its/their transportation from the Auctioneers' Premises as may be necessary having regard to its/their condition to ensure its/their lawful removal in accordance with my/our obligations under the Contract of Sale.

26. **Rescission By Vendor**
